Dear Sir:

As in years past, the faculty of the Information Science Training Program would like to include tours of the DIA facilities at the Pentagon and at Arlington Hall Station for Class 1-73 of the Survey of Intelligence Information Systems Course.

STATINTL

In confirmation of a telephone conversation between you and [redacted] the Course Chairman, on 22 December 1972, we would like to tour Arlington Hall on Wednesday, 17 January 1973, between 1300 and 1600 hours. The group will consist of thirty students and five instructors, from CIA, DIA, NSA, and several military commands, all with TS/SI-TK clearance which will be confirmed through security channels before the visit. These students will also tour the National Security Agency and the Central Intelligence Agency, where they will learn of each Agency's mission and then "walk-through" specific areas to observe operational intelligence information handling systems. This approach would also be appropriate at Arlington Hall.

Also, we would appreciate a tour of NIC, ISIC, NMCC, and JRC at the Pentagon between 0900 and 1200 on Friday, 26 January 1973. Detailed arrangements can be worked out for both visits with Dr.
